

God Loves Me

Family Supplement - Stained Glass Cross.

Make this stained glass cross with your child at home to remind them that the cross is a symbol of God's love. (This activity works well if you use cellophane and cut out the cardboard so light shines through.) To make the window:

1. Cut out the square below and stick it onto white cardboard.
2. Trace the cross onto a different colour paper or material and cut it out to stick on top.
3. Cut different coloured paper or cellophane and stick it around the cross in the frame.
4. Decorate the frame and stick it on your fridge to remind you of God's love.
